

Retrospective

In this file, I will include all the retrospectives that we have done as a team. These retrospectives will count towards the learning outcome 'Professional Standard'.

Retrospective Sprint 1

Action Points

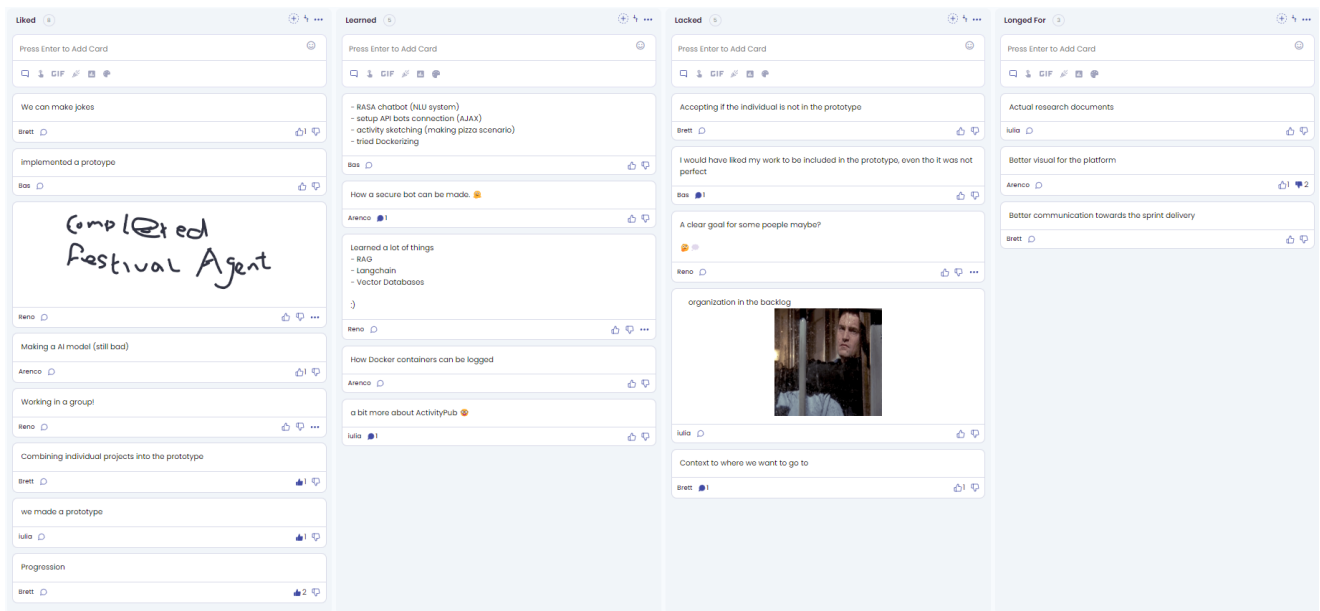

- Set up plan to create more structure
- Start using scrum for more structure
- Start creating group project code

Retrospective Sprint 2

Action Points

- Share documentation on how to secure a bot
- Give short demo when having created something
- Individually have a better set goal in mind
- Create an MVP (minimal viable product)

Retrospective Sprint 3

- Yet to be done...
